Last Saturday at the Parish Hall, registration took place for the St. John's Ambulance Preliminary First Aid Course. The class will be held Saturdays. Boys and girls, 10 and over will really enjoy the course. It is of special interest

to Guides and Scouts for proficiency badge work.

Miss Pauline Vaugois volunteers her time instructing this course. Any boy or girl interested in learning the basics in first aid can still register next Saturday.

Council Meeting, Monday, October 5

Due to the fact that Mr. Gee was absent Council was unable to finish their important agenda. Besides this, the meeting was interrupted several times by unforeseen disturbances.

Money By-law for Swimming Pool A letter to Council from the "Swimming Pool for '65 Committee" was read, as follows:

"Where the Local Authorities Board has not approved the money Bylaw #47/64 for an enclosed swimming pool for the Town, we hereby urge council to prepare a plebiscite to be presented to the rate payers at the October 14th Civic Election for the approval of the construction of a 50 Metre Enclosed Swimming Pool for the Town of St. Albert."

A letter from the Recreation Board was also read to Council:

"The Recreation Board deplores the action of the Local Authorities Board in not approving the proposed By-laws for a Swimming Pool and an Arena. The Recreation Board is of the opinion that the reason (Report in the Edmonton Journal - "not included in the 1964 Fiscal Programs") - is inconsequential as expenditure required would not be necessary until 1965 at the earliest. By this autocratic action the Board has deprived the ratepayers of expressing effectively their wishes regarding recreational facilities in the Town. The Board would like this Resolution to be presented to Council at its next meeting for action at the discretion of Council."

The main item was the letter from the L.A.B. mentioning the refusal of the 3 money by-laws, namely, Swimming Pool, Water Reservoir and Covered Skating Rink. The L.A.B. refused because these expenditures were not included in the 1964 Capital Expenditures. Councillor Stewart disagreed with the L.A.B. and stated that the town had presented to the L.A.B. a 5 year development project a long time ago, on which the expenditures of these bylaws were mentioned. "Therefore," he said, "The L.A.B. knew about our plans". He suggested that the by-laws be presented to the electors anyway. Councillor Fowler moved that the Mayor or his deputy meet with

ELECTION RALLY

FOR ALL OF US

This Friday night at 8 p.m. in the St. Albert Community Hall, is the evening for the elections. During this Rally, all candidates running for Mayor and Council will present themselves and their ideas to the electors to assure all of us that a purely democratic tradition will be maintained in our town. Our Chamber of Commerce is in charge of this Rally which we cheer wholeheartedly. We urge our citizens to attend this meeting which is the responsibility of all of us who are sincerely interested in the future of our town. Meet and hear your candidates so that you can vote with authority.

LOCAL AUTHORITIES BOARD

Due to a technical error of our town administration, the Local Authorities Board had to follow a principle which resulted in the refusal of 3 money by-laws to be brought before the electors. But Council decided to bring these by-laws before the electors anyway in the form of a plebiscite. Let's show the Local Authorities Board that we are sincerely interested in voting on these by-laws by coming to the polls by the thousands. It doesn't matter at the moment what the results are, but let's give the L.A.B. solid proof that St. Albert's citizens can once again call up that spirit which has made the town so great in the past. Independent people thinking independently, acting independently, and fighting to keep their independence.

VOTE ROBERT H. PARKES FOR COUNCILLOR

I like St. Albert. After having lived in various parts of the world, this is the place I have chosen to settle. The retiring civic administrators have done a great job which the newly elected councillors must carry on. This is a fast growing community and an active town council is necessary to keep ahead of this growth.

I am offering my services as one of your representatives because I feel it is my duty to devote a part of my time to civic work. I feel as you do, that the much publicized swimming pool is necessary to the town's growth. I recognize that we have a large teen-age population whose needs for a properly organized and directed recreation programme throughout the year is acute. Let us also make sure that St. Albert gets that much needed hospital.

Several money by-laws have been posted for your consideration and action. If you want to make certain that these by-laws are processed, you must turn out and exercise your democratic right to vote, and when you do, remember to cast your vote for Bob Parkes.

It's BOB for the JOB !

FORM OF GOVERNMENT

It seems that many of the candidates running for mayor and council are bringing up the subject of the form of government.

At a recent council meeting, the Executive Committee suggested to council a form of government with the mayor as the active chief magistrate, with an executive secretary, treasurer and an assistant. At present, we have a Senior Administrator as head, but not so long ago we had a manager as chief administrator. Council delayed their decision regarding this form of government until after the election results are known.

The form of government is not just a political issue but depends on certain other circumstances which should not be forgotten. Private development or town development can influence council's decision regarding the form of government. Qualifications and abilities of the men who are in these top functions are also a very important facet for the choice of the form of government. One cannot condemn the mayor-council or the manager system because they failed in other towns or cities, just as one cannot support any form of government because it succeeded somewhere else. It isn't that simple! If St. Albert adopts the mayor-council form of government, it's success will depend completely on the qualifications of the mayor and his abilities. But also, if the town continues the manager form of government, then again, all depends on the man who is manager.

A decision is not just that easy, and the council which has to decide on the form of government will have a very responsible task.

There is quite a difference in opinion amongst the candidates as to what is really meant by the manager form of government, although there is no doubt over the form of mayor and council. In our opinion, a mayor, with a senior administrator, commissioner, manager, or executive secretary treasurer having managerial duties and authority, is just a manager form of government under a different name. That's in a name?

May the new council have no serious troubles when they decide upon the form of government for our town. We imagine this will be pretty soon after the new mayor and councillors take office.

the L.A.B. to see if their decision could be reversed. (This deputation which met with the L.A.B. on Tuesday, was unsuccessful.) All of the Councillors at this meeting were of the opinion that a plebiscite should be brought before the people to enable them to decide on these by-laws. A motion was carried in which council agreed to bring the 3 rejected by-laws in a plebiscite before the electors. An amendment by Councillor Fowler read that if the negotiations with the L.A.B. were successful, this by-law would be dropped.

At this stage, Council could go no further on their agenda because they needed information from the Senior Administrator, and no one knew Mr. Gee's address or phone number.

At the end of the meeting, Councillor Wheating thanked the Councillors for the pleasant co-operation he had received from them during his period as Councillor, and wished them all the best. The last meeting of the present council will be held this Thursday, October 8 at 7 p.m. They hope to complete the agenda from Monday's meeting. Council adjourned at an early hour... 10:15 p.m.

I am deeply concerned that control by the electors over our own local government may be lost. The council-manager type of government does not, in my opinion, permit effective checkreins on the actions of a town manager. There are many inherent defects in this type of government. May I quote from a July, 1962 issue of the Edmonton Journal:

"The resignation of the secretary-manager of St. Albert provides a good demonstration of the defect in the council-manager system of local government.

It obscures lines of communication and authority, and, equally bad, it is overly dependent on individual personalities.

The provincial government should mark St. Albert's experience, for other "New Towns" will be assuming local government. The commissioner-council form of government such as that used in Edmonton, has proven itself over and over again. It should commend itself for renewed consideration.

In discussing his resignation with St. Albert councillors, Mr. Gordon Parkes remarked that the position of mayor and manager seemed in conflict. "Citizens normally expect the mayor to be the leader in civic affairs," he also said. "However in this case, the manager is the chief administrator. This is sometimes not fully understood and accepted by the people."

In theory, of course, the mayor is the community's political leader—or policy leader. At the same time, the manager is the chief administrator. But in fact, policy and administration cannot be so easily divorced. They are interdependent, and unless excep-

tionally clear definitions of respective roles exist, conflict is inevitable.

The manager system tends to diminish local participation in local affairs, for a "professional" is in charge. In a new town just entering into the experience of full and responsible local government, discouragement of public interest and participation is the last thing which is wanted.

Nor can the system's origin be disregarded. It began in the United States at the turn of the century as a device for escaping corruption and maladministration resulting from unrestrained political patronage.

The idea, somewhat naively, was that local government could be run exactly like a business corporation. The manager would run the business and the council would be comparable to a board of directors.

Government, though, is not so delightfully simple. For renewal and vitality, it demands a full interplay of citizen and expert, politician and administrator. And in the final analysis, the elected body must be publicly accountable for administration.

The commissioner system, with the mayor as both political and administrative chief, buttressed on one side by the council and on the other by professional administrators, provides an ingenious and responsible form of grassroots democracy. "

I respectfully solicit your support at the polls next Wednesday.

Sincerely yours,

W. J. Veness

THANKSGIVING MESSAGE

Rev. W. Jarvis

When the settlers first came to Canada in the early days of our country, they had many hardships to face. They had to cut their homes out of the wilderness. They had to contend with many problems of weather, adverse conditions, homesickness and loneliness. But their indomitable spirits prevailed and they survived to see better days. In all of their hard times they always remembered to be thankful to God, for in their progress they saw His sure hand. Like the Israelites in Moses' day, they remembered the

words of the writer of Deuteronomy:

"You shall remember the Lord your God, for it is He who gives you power to get wealth; that He may confirm His covenant which He swore to your fathers, as at this day". Deuteronomy 8:18

They believed that their crops grew because of God's rain and sunshine. But, they also believed that their skills and knowledge to do their work were also gifts of God.

We live in a new community here in St. Albert. We do not face the harshness and adversities that these early Canadians faced. Sometimes we forget to rem-

ember God's goodness to us. We are wise to remember that our health and our abilities are gifts of God. He has given us the skills to live in this world. Let us not forget to thank Him for all his goodness.

Because we have received of His hand, it also lays a great responsibility on us. Perhaps one way that we can show our thankfulness to God is to remember someone less fortunate than we. For did not Jesus say: "Inasmuch as ye have done it to the least of these my brethren, ye have done it unto me." St. Matthew 25: 48.

From Our Readers

Dear Sir,

In the forthcoming town elections, there is among other, one clear-cut issue. Do the electors wish to support the system of government which we approve in provincial and dominion governments, or that recently suggested of an elected chief administrator?

It is not a question of a paid mayor or not. Mayor and councillors are provided with allowances for attendance at meetings and out of pocket expenses; not to the extent of \$6,000., of course, but they receive some pay.

Any candidate for office expects to serve and sacrifice; he has a calling. Political office in a democracy can not offer and should never offer financial rewards greater than those of a business run for profit. Expenses, yes; profit, no.

Follow through the idea of an "elected chief administrator" and we'll soon be electing the school superintendents, the medical officers of health, and perhaps even the fire and police chiefs. How lucky can we expect to be to think that an election campaign will sift out the candidate with the technical and professional knowledge for the job in question!

The sound, sensible system is that of a policy-making elected body with paid administrators to carry out the policies established. If a paid administrator fails in his job, he can be replaced immediately, not at the next election. If he's changed at each election, what continuity is there? What a strain to resist all the pressures when he needs votes to keep him in his job.

Yours truly,
D. L. Petherbridge.

COUNCILLOR

Dear Fellow Citizens,

As a candidate seeking election to Council of St. Albert, may I take this opportunity of presenting my platform to you:

I believe:

1. In Council- Manager type of government.
2. Recreational facilities should be provided as soon as possible without overburdening the taxpayer. The swimming pool immediately, as it will be utilized by the greatest majority of the St. Albert population and a good healthy spot for our youngsters to spend excess energy. This should be the beginning of a major recreation area.
3. Council should give every possible assistance to the Recreation Board in their efforts to provide recreation for our community.
4. The citizens of St. Albert should be kept informed of proceedings of Council by full press coverage.
5. The ladies of St. Albert should take a more active interest in civic affairs, we spend most of our lives in our community, and a happy community means a happier family.
6. With good publicity, increased recreational facilities and private enterprise, St. Albert will once again be a thriving town.

If elected to serve you on Council, I will do my utmost to carry out the above.

I fully support Mr. Parkes platform as candidate for Mayor.

From Our Readers

Dear Sir,

With regard to your editorial in the October 3rd edition we feel when reporting on the costs of money by-laws factual figures from the town should be stated rather than using high pressure sales gimmicks in an attempt to promote any money by-laws. For this reason we feel the facts listed below should be presented to the people of St. Albert through the medium of the Gazette.

Schedule of mill rates required to meet the annual debenture payments, principal and interest for the years 1965-69 inclusive. To the ratepayer who has an assessment of \$6,100. this would result in an increase in taxes of \$19.83 for 1965. For the years 1965-69 the following breakdown for the money by-laws based on the above \$6,100. assessment would apply.

		Annual Debenture Payments, Principi- pal and Interest				
		1965	1966	1967	1968	1969
Swimming Pool	15,297.02	(1.05 mills (\$6.41)	(.93 mills (\$5.67)	(.83 mills (\$5.06)	(.75 mills (\$4.58)	(.68 mills (\$4.15)
Reservoir	7,026.79	.48 mills \$2.93	.43 mills \$2.62	.38 mills \$2.32	.34 mills \$2.07	.31 mills \$1.89
Covered Rink	13,366.18	.92 mills \$5.61	.81 mills \$4.94	.72 mills \$4.39	.65 mills \$3.97	.59 mills \$3.60
Parks	4,452.85	.31 mills \$1.89	.27 mills \$1.65	.24 mills \$1.46	.22 mills \$1.34	.20 mills \$1.22
Garbage Coll. Unit	3,772.55	.26 mills \$1.59	.23 mills \$1.40	.20 mills \$1.22	.18 mills \$1.10	.17 mills \$1.04
Fire Equipment	3,356.58	.23 mills \$1.40	.20 mills \$1.22	.18 mills \$1.10	.16 mills \$.98	.15 mills \$.91
	47,271.97	3.25 mills \$19.83	2.87 mills \$17.50	2.55 mills \$15.55	2.30 mills \$14.04	2.10 mills \$12.81

All mill rates in the above refer to capital costs only and do not include annual operational and maintenance costs.

Yours truly,

S. W. Sutherland, 33 Sorrel Cres., St. Albert

Morley F. Brown, 16 Sevmore Cres., St. Albert.

(Editors Note: We thank Mr. Sutherland and Mr. Brown for their keen interest in the eventual tax burdens on the shoulders of our taxpayers. Nevertheless, our figures are just the same as mentioned in their letter, except that we showed it by the month and they have shown it by the year. We have no regrets that we have promoted, with or without 'sales gimmicks', the two "Water of Life" by-laws (Swimming Pool and Fire Equipment) because we are convinced that these by-laws are a necessity for the safety of our citizens.)

Dear Editor

On reading your last issue I was amazed as I'm sure many of our citizens were, to find we are not only asked to vote on a swimming pool by-law, but on five other by-laws as well!

Maybe there is a fire regulation stating we must have this truck etc., maybe the garbage packer is a necessity also. Maybe we need our parks completed right now, or could they be landscaped in stages over a period of time.

The reservoir may also be a necessity, although most taxpayers understood our water supply system was planned to serve a population much larger than we have right now.

The swimming pool was discussed at great length during the annual taxpayer meeting, and was favoured by the majority present. The covered rink was also discussed at the same meeting, but, as an alternate project if the swimming pool was turned down.

In the returning officers notes, it says, these by-laws were introduced in Council and submitted to the L.A.B. Now let us taxpayers have some details and explanations.

Alma Hughes.

Mrs. Barry, her husband Lorne, and their two daughters Kathy, 5, and Toni Lynn 3, have lived in St. Albert since 1963.

FOOTBALL NEWS

On Sunday, October 4th, the St. Albert football team defeated St. Jean's College 24-18. Jim Anderson scored 3 touchdowns, one of which was a 70 yard run. Albert Hebert scored the other St. Albert touchdown. All were unconverted. Tuesday, October 6th, saw St. Albert go down to a 38-0 defeat at the hands of Ross Shepherd High School. The St. Albert team lacked enthusiasm and committed errors which Ross Shepherd were quick to capitalize on.

VOTE

for
DOLMAN

for the **ST. ALBERT PROTESTANT SEPARATE SCHOOL BOARD**

The education of our children is important to each one of us.

I am asking for your vote for one of the vacant seats on the school board, and just as no one would expect you to spend money on something which you had never seen, I do not expect you to vote for a man whom you do not know. In this short appeal I want to tell you of myself and my policy in as concise a manner as I can.

I stand for the following principles:

1. The best education for our children.
2. The best teachers both in qualifications and morale.
3. The cutting out of all unnecessary frills in the school building programme.
4. An efficient and therefore economical approach to school administration. No registration difficulties such as occurred this year.
5. A new voice in local school board affairs.
6. An investigation into the poor results in the Grade XII Departmental examinations this year.
7. A wider representation for St. Albert.
8. More effective sports facilities and better use of the sports equipment on hand.
9. Extended school library facilities.

One of my greatest responsibilities, if elected, will be to speak up against inefficiency and defects in the running of the school system, and this I promise to do.

I offer my experience:- educated in England at grammar school and then university, lecturer at a College of Advanced Technology of the University of London, England, part-time Edmonton Symphony Orchestra musician, and professional optometrist during the practice of which, as a self-employed business man, I learned how hard-earned a dollar really is. Between grammar school and university I served for 3 years at the latter part of the war in the infantry as a fusilier (7th. Battalion Royal Welsh Fusiliers).

If you believe that I have the all-round experience and education which should be demanded of an applicant for the position of school trustee, then vote for me. If this short appeal leaves any question unanswered in your mind, do not hesitate to telephone me and I will do my best to clear up any doubts you may have.

If you have any criticisms of the present school administration, do 2 things: firstly, let me know what they are, then secondly, vote for me.

My telephone number is: 500-7248.

IS OUR TOWN SICK ?

We ask this because normally we like exercising our democratic privilege of selecting the candidate of our choice for elected office such as the Mayor. For the first time in our lives we cannot support either candidate for mayor until it is determined where the degree of responsibility lies for the events which have lead the town to its present financial difficulty. This insert has been prompted by a number of unanswered questions, the answers to which are long overdue. We would appreciate an answer from both mayoralty candidates at this Friday night Election Rally, so that the degree of responsibility, if any, which either must bear, can be assessed fully.

1. Why are St. Albert Development Ltd. threatening the town with a law suit? Who were the signing officers in the contract upon which the claim has been based?
2. OK Construction claim for \$6,000. Why was this claim not paid when incurred, and why is it still impossible to state who has to pay the bill? Are the Consulting Engineer's records and the New Town's records so inadequate that a clear cut decision cannot be made? Who was responsible for this record system?
3. Why was one block of choice commercial town owned land transferred to an independent transport company? Was the transfer authorized by the Board of Administrators? Who signed the transfers? Does either candidate think that the transfer of municipal land out of the town's name is good practice? Why was it done? What had the town to gain by this transfer?

It would appear obvious that either Mr. Parkes or Mr. Veness should be able to answer these simple questions. If neither can give an adequate explanation, we submit that neither should be favoured with a vote on October the 14th.

YOUR VOICE ON COUNCIL

I moved to St. Albert five years ago and since my arrival I have become very much involved in community affairs and can honestly say I have enjoyed meeting and working with the citizens of St. Albert. I have always been of the opinion that a person has no moral right to criticize unless he or she is prepared to do something about any given situation. I am of the opinion that the Administration of the Town of St. Albert has been much too loose. Administration costs have increased approximately 100%. I feel that economics must be effected in all phases of administration so that citizens may enjoy other benefits. Development of St. Albert seems to have been arrested in that 547 permits for houses were issued in 1962, approximately 220 in 1963 and 54 permits issued so far in 1964 while at the same time the overall development picture across Canada shows an increase of 10% over last year. St. Albert is a good town, picturesque and beautiful.

I solicit your vote and promise to do all in my power as your elected representative to consider carefully all matters relating to the Administration of St. Albert. We must go forward!

I have had the pleasure of meeting many St. Albert citizens during the past week. These citizens have shown a keen interest in the future of St. Albert. One fact that stands out from the opinions of these people is that we need SOUND ECONOMICAL POLICIES from Council. Sound administration will follow. I solicit your vote so that I may represent you to help make these policies a fact. I feel competent, experienced leadership is essential. For this reason I sincerely endorse Gordon Parkes for mayor. I endorse his platform.
